## Trim, edge and shave any length of hair

Designed to cut hair, not skin

Philips OneBlade Pro Face trims, edges and shaves any length of hair. You get a blade for your face, and one with a skin guard for your body. Forget about using multiple tools: OneBlade does it all.

### Easy to use

- LED light shows battery status
- Blade that doesn't fade easily
- Fully waterproof
- 90 min Li-Ion battery

### Comfortable shave

- Unique OneBlade Technology
- Dual-sided blade: designed for precision and control
- Shave it off
- Edge it up

## Highlights

### Unique OneBlade Technology (ROW)

Philips OneBlade has revolutionary technology designed for facial grooming. It can shave any length of hair. Its dual-protection system—a glide coating combined with rounded tips—makes shaving easier and more comfortable. Its shaving technology features a fast-moving cutter (12000 x per min) so it's efficient - even on longer hairs.

### Edge it up

Create precise edges with the dual-sided blade. You can shave in either direction to get great visibility and see every hair that you're cutting. Line up your style in seconds!

### Shave it off

OneBlade doesn't shave as close as a traditional blade - so your skin stays comfortable. Go against the grain and shave off any length of hair easily.

### Dual-sided blade

OneBlade follows the contours of your face, allowing you to easily and comfortably shave all areas. Use the dual-sided blade to style your edges and create clean lines by moving the blade in any direction.

### Blade that doesn't fade easily

Stainless steel blade that lasts up to 4 months of use\*\* to keep that fresh feel. An eject icon will appear on the blade when the blade is worn out.

### Wet and dry

OneBlade is fully waterproof (IPX7), so it is easy to clean: just rinse it under the tap. You can shave wet or dry, even in the shower - whichever you prefer. No shaving foam needed.

### 90 min Li-Ion battery

Rechargeable Li-Ion battery delivers 90 minutes of constant styling power after a 1-hour charge.

### Battery indicator

Make sure that your OneBlade is always ready to go by checking the battery indicator. It alerts you while in use when your battery is low, and indicates charging progress when plugged in.

## Specifications

### Trimming and shaving performance

**Shaving system:** Contour-following technology, Dual protection system

**Trimming system:** Contour-following technology

### Accessories

**Comb:** 5-in-1 adjustable comb

### Power

**Automatic voltage:** 100-240 V
